Solar panel	Convertible dinette into double bed
External shower with warm water	Bimini Top and Sprayhood
External cases	Radio&Music player
Forward Scan sonar	Teak seats on cockpit
Electric toilets	Refrigerator 135lt
Gennaker (opt)	Outboard engine 2.3 HP (opt)

The Boat

Great performance and innovative design. The Judel/Vrolijk research study aimed at ease of maneuvering on a fast-cruiser, and it certainly centered the goal. The highly developed vertical plane includes a large mainsail and a self-tapping bow, all maneuvers take place in the cockpit. The T-bulb and retractable bow trust give the boat a very powerful water line. The HANSE 415 is perfectly balanced and has a high degree of stability. You can sail safely and with confidence in changing and challenging conditions.
