The Adriatic sea is a God given summer pool with more than 1000 islands located along the Croatian coast. Origins of the name ADRIATIC are linked to Etruscan settlement of Adria, which derives its name from Illyrian ADUR meaning WATER. The temperature is warm enough to stay in for hours, and cool enough to get refreshed from the midday sun. The surface water temperature ranges from 25 °C (80 F) in summer to 12 °C (54 F) in winter. The Adriatic sea presents crystal clear 50 shades of blue, from green turquoise to deep blue waters.. Imagine waking up on Your private yacht, having breakfast on the deck, and jumping in the turquoise waters. Imagine changing backdrops of the amazing nature changing while You slide across the Sea.
