Fan per cabin	Radio&Music player
Bow thruster	Electric toilets
Teak cockpit	USB and 220V sockets
Cockpit cushion	Refrigerator 150 lt
Grill and sink on cockpit	Outboard engine (opt)

The Boat

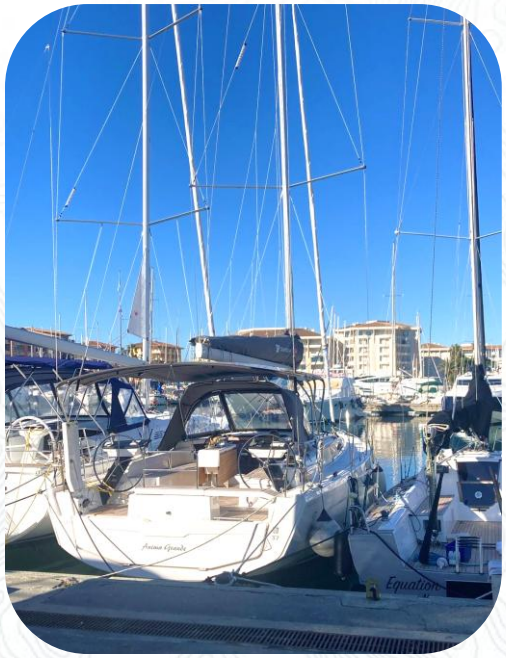

The Dufour 37 boasts an infusion-laminated hull for proper weight management, increased boat strength and environmental friendliness.Thanks to optimised volumes and a bow designed to increase its volume, the Dufour 37 has a very spacious master cabin with considerable headroom.The interior of this model is very bright thanks to the large central portholes on the side. The distribution of exterior spaces makes it easier to move around the boat deck. The cockpit is also larger than other sailboats of this size. As far as marine performance is concerned, this sailboat boasts a modern, stable hull similar to that of offshore racing boats, but with a slightly rounded lower part of the hull that aids wave breaking and reduces noise inside the boat.
