Inverter	Code 0 (opt)

The Boat

The BALI 4.1 is characterised by very ergonomic living spaces which are entirely free of bulkheads. It is the first catamaran in this size to offer a large forward cockpit with sunbathing area, a relaxation area as well as a level of comfort worthy of a much larger catamaran. Taking you in a flash from sailing mode to Lounge mode, the BALI 4.1 gives you single cockpit/saloon area entirely free of bulkheads which is accessed via an immense folding glazed door.
With extraordinary natural light, the wide opening windows ensure exceptional natural ventilation and a fantastic panoramic view.
