The Boat

At nearly 15 meters long, the FP48 is surprising by her efficient layout. The living space is all about ergonomic innovation. The saloon and cockpit connect through a wide 3-meter sliding door, opening up the whole area to create one big space. At the back you will find a relaxing area adjacent to the water: relax on the chaise longue in total privacy as you watch the wake, or hang out with the others on the large cockpit bench and cosy seats.
