LAGOON 51

Step into a bright, airy saloon where panoramic windows and clean lines frame stunning sea views. Designed by Nauta Design, the interior blends refined materials and clever ergonomics to create a living area that flows naturally to the cockpit. The saloon's wraparound seating and flexible table layout make it perfect for casual breakfasts, sunset aperitifs, or lively dinners with friends.

The galley is practical and well-zoned for provisioning and service at anchor. Thanks to generous worktops, abundant storage and professional-grade appliances, meal preparation is simple for two or eleven people. In short, it's a modern, comfortable and highly optimized kitchen space.
