MARINA LOCATION
ACI Marina Milna is located in the southeastern part of Milna harbour, opposite the town centre, where the charming town streets meet the sea.

MARINA AMENITIES
This modern marina has full-service facilities, an organized parking area, a restaurant, toilets, a reception with an information center, a grocery store and laundry facilities. Free Wi-Fi is available across the marina. Nearby are a fuel station and supermarkets.

TRANSPORTATION
Milna has regular fast catamaran lines from Split, with a journey time of about 20–30 min. The distance from Split Airport to the ferry port in Split is 25 km. For people travelling by car, there are several ferries daily from Split to Supetar, which is 18 km from Milna. Brač also has its own airport, which is 37 km from Milna.

VERY IMPORTANT INFORMATION DURING THE CHARTER

I confirm that I agree with following:

1. The vessel is handed over to the charterer with full fuel tanks and it should be returned in the same condition. **In case the client does not return boat with full fuel tank he MUST pay for the missing fuel + penalty 100 EUR.**

2. Cleaning of **clogged toilet** will be charged 125 EUR (without 25% VAT).

3. During the check-in client will check all technical details with Luna staff member. When the client signs the „Check and inventory list“ and „General Charter Conditions“ it is considered that he is completely informed with the technical and inventory characteristics of the boat.

4. If the client has any technical problems on the boat he must immediately inform Luna Charter about it. Luna Charter is obligated to solve the problem within 24 hours starting from the moment of receiving the information from the client. Only in the case the problem is not solved the client has right for money refund.

5. If major damage or accident of the boat happens during charter, the skipper/client is OBLIGATED to inform Luna Charter immediately and promptly report the damage to the nearest Harbour Master's Office to make the report statement of the accident.

6. The day of check out, by 9 a.m. the crew with luggage must be out of the boat and all inventory must be at it's place. As soon as all people with luggage are out of the boat, Luna staff member together with skipper/client comes in the boat and does the check out.

7. Skipper/client with this sign confirms that all datas on the crew list are valid – the crew on the list is the same as the one on the boat. In the case that the crew changes during the charter skipper/client is obligated to inform nearest Harbour Master's Office to update the crew list.

8. Skipper/client with this sign confirms that he will sail under safe weather conditions (max. wind speed 25 knots).

9. If the guests leave the boat on the night before the agreed check-out date, the exterior of the boat will be inspected before their departure in the presence of the skipper or the client. The security deposit will be held until a Luna staff member completes the final inspection on the agreed check-out date. During this inspection, the staff member will check the interior of the boat and its high-value equipment. If no damage is found, we will release the security deposit and send confirmation by email.
