

Grand oceanSpray

DESCRIPTION

The M/C Grand Ocean Spray, an ultimate-generation catamaran featuring a sleek, twin-hulled structure that ensures a stable cruise, will be the newest vessel to sail the Galapagos. It completely redefines luxury and sustainability in the archipelago, including embedded solar panels that generate enough power to meet several onboard electrical requirements.

Built for small-group expeditions, the M/C Grand Ocean Spray accommodates 16 guests, allowing for nearly a 1:1 crew-to-guest ratio that guarantees tailored attention to the specific needs of each guest throughout the cruise. The crew includes a dedicated Cruise Service Officer, who will ensure that the needs of each guest are attended to promptly and professionally. Whether relaxing in onboard areas or heading out on daily exploration and adventure, guests will enjoy an experience where every detail is considered.

By seamlessly integrating sustainable technologies such as solar panels and lithium battery systems, the M/C Grand Ocean Spray minimizes its environmental impact while upholding the standards of luxury cruising. Aboard the carbon-neutral certified catamaran, Guests benefit from premium logistics and smooth sailing, with every element designed for both efficiency and indulgence.

On board, guests relax in spacious suites with private balconies and panoramic windows that reveal sweeping views of the rugged Galapagos landscape. These suites are designed for comfort and quietness after a day filled with breathtaking activities and thrilling, up-close wildlife encounters.
