Overall lenght	13.48 m
Overall beam	7.4 m
Keel draft	1.26 m
Total sail	118 mq
Engine	2 x Yanmar 57 HP
Fuel capacity	800 lt
Water capacity	860 lt

The Boat

The Bali 4.4 is recognizable at first glance thanks to the new design of her hulls with fine bows and her new very elegant lines. The Bali 4.4 benefits from all the innovations which are the DNA of the Bali: rigid forward cockpit with lounge area and sunbathing areas, the platform connecting the transoms with large bench seat and lockers, the large “Bali” door, side sliding bays without forget-ting the interior access door to the forward cockpit. And also the helm station with a panoramic relaxation area accessible from both sides.
And of course, the safety and performance you would expect from a Catana design.

Equipment & Comfort

Battened mainsail 100%	Furling self tacking jib
Electrical winch for mainsail halyard	Automatic first and second reef
Pulpits with polywood seating	Autopilot
Wind instruments and VHF	Micro-wave oven 230V
