AQUILA 50 SAIL

WHAT MAKES THE AQUILA 50 SAIL UNIQUE?

Let's find out.

A dedicated crew on board, ready to take care of you.

From sailing to everyday life on board, the crew is always by your side, guiding you to discover the most breathtaking hidden coves and making every day at sea a truly carefree experience.

A fully equipped galley featuring a stovetop, oven, refrigerator, freezer, microwave, coffee machine, and onboard barbecue, perfect for sharing special moments throughout the day!

Generous work surfaces, a central island with built-in storage, and a **sliding window with a bar counter overlooking the cockpit**, creating a seamless connection between the galley and outdoor living spaces.

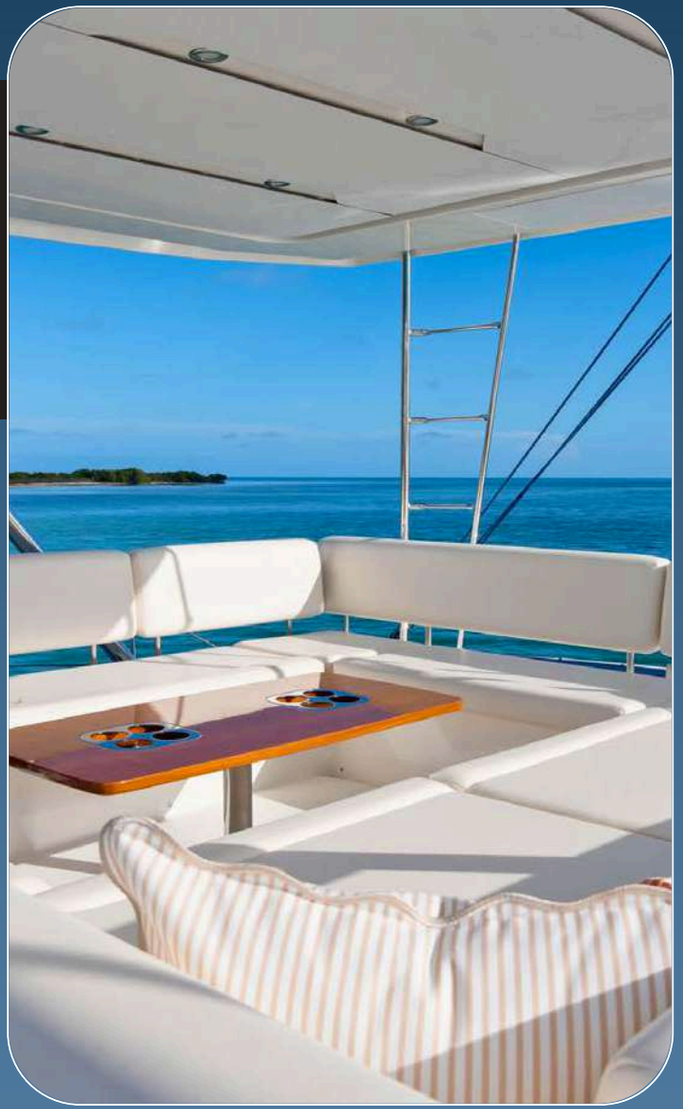

The salon of our Aquila 50 Sail welcomes guests into a bright, contemporary space featuring expansive panoramic windows. The perfect place to relax, share meals, and take in the views at any time of day.

A **spacious flybridge** featuring a helm station and a comfortable social area with a **U-shaped sofa** and table, perfect for enjoying panoramic views from above, whether soaking up the sun or relaxing in the shade of the bimini.

From the flybridge, straight to the sea.

Two side walkways connect the flybridge directly to the bow, creating a seamless flow between the yacht's different areas. Here, the fixed forward cockpit offers a dedicated space for relaxation and socializing, with integrated seating and plenty of room for sunbathing.

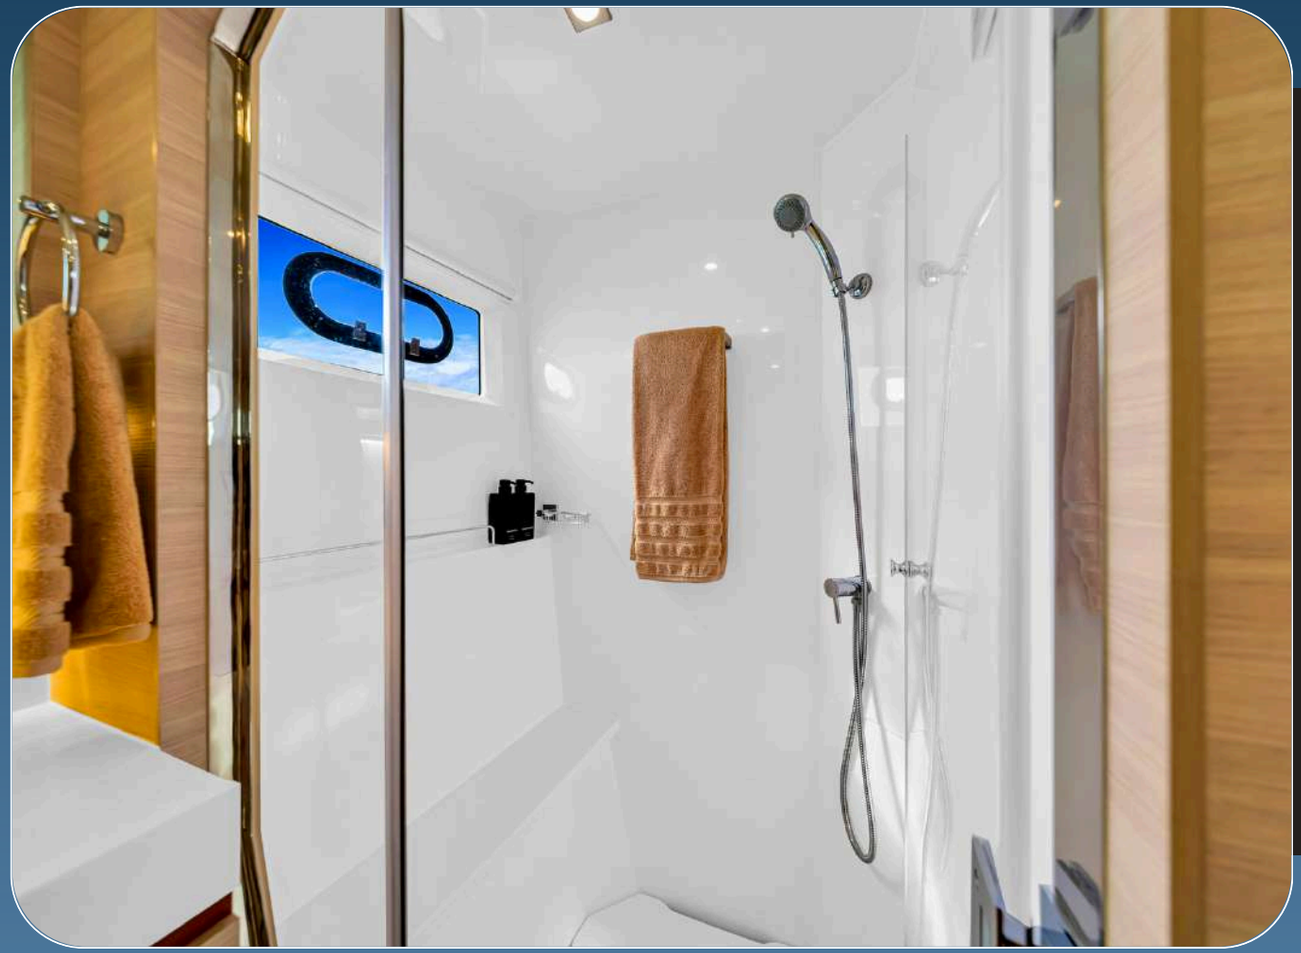

Your privacy, your space.

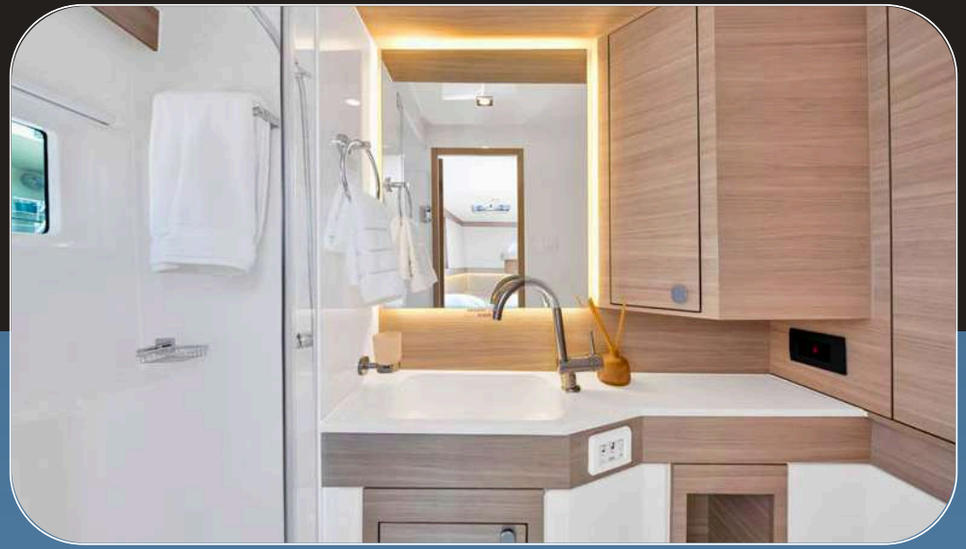

Our Aquila 50 Sail features **5 guest cabins,** each with its own private bathroom and shower. Thanks to **independent access from the outside,** the cabins offer enhanced privacy and freedom, allowing you to enjoy your holiday at your own pace without compromising on comfort.

Every bathroom features a separate shower enclosure, providing greater convenience and comfort throughout your time on board. A thoughtful design that makes the spaces more functional and ensures a truly relaxing holiday experience.
