**Vast array of
social spaces**

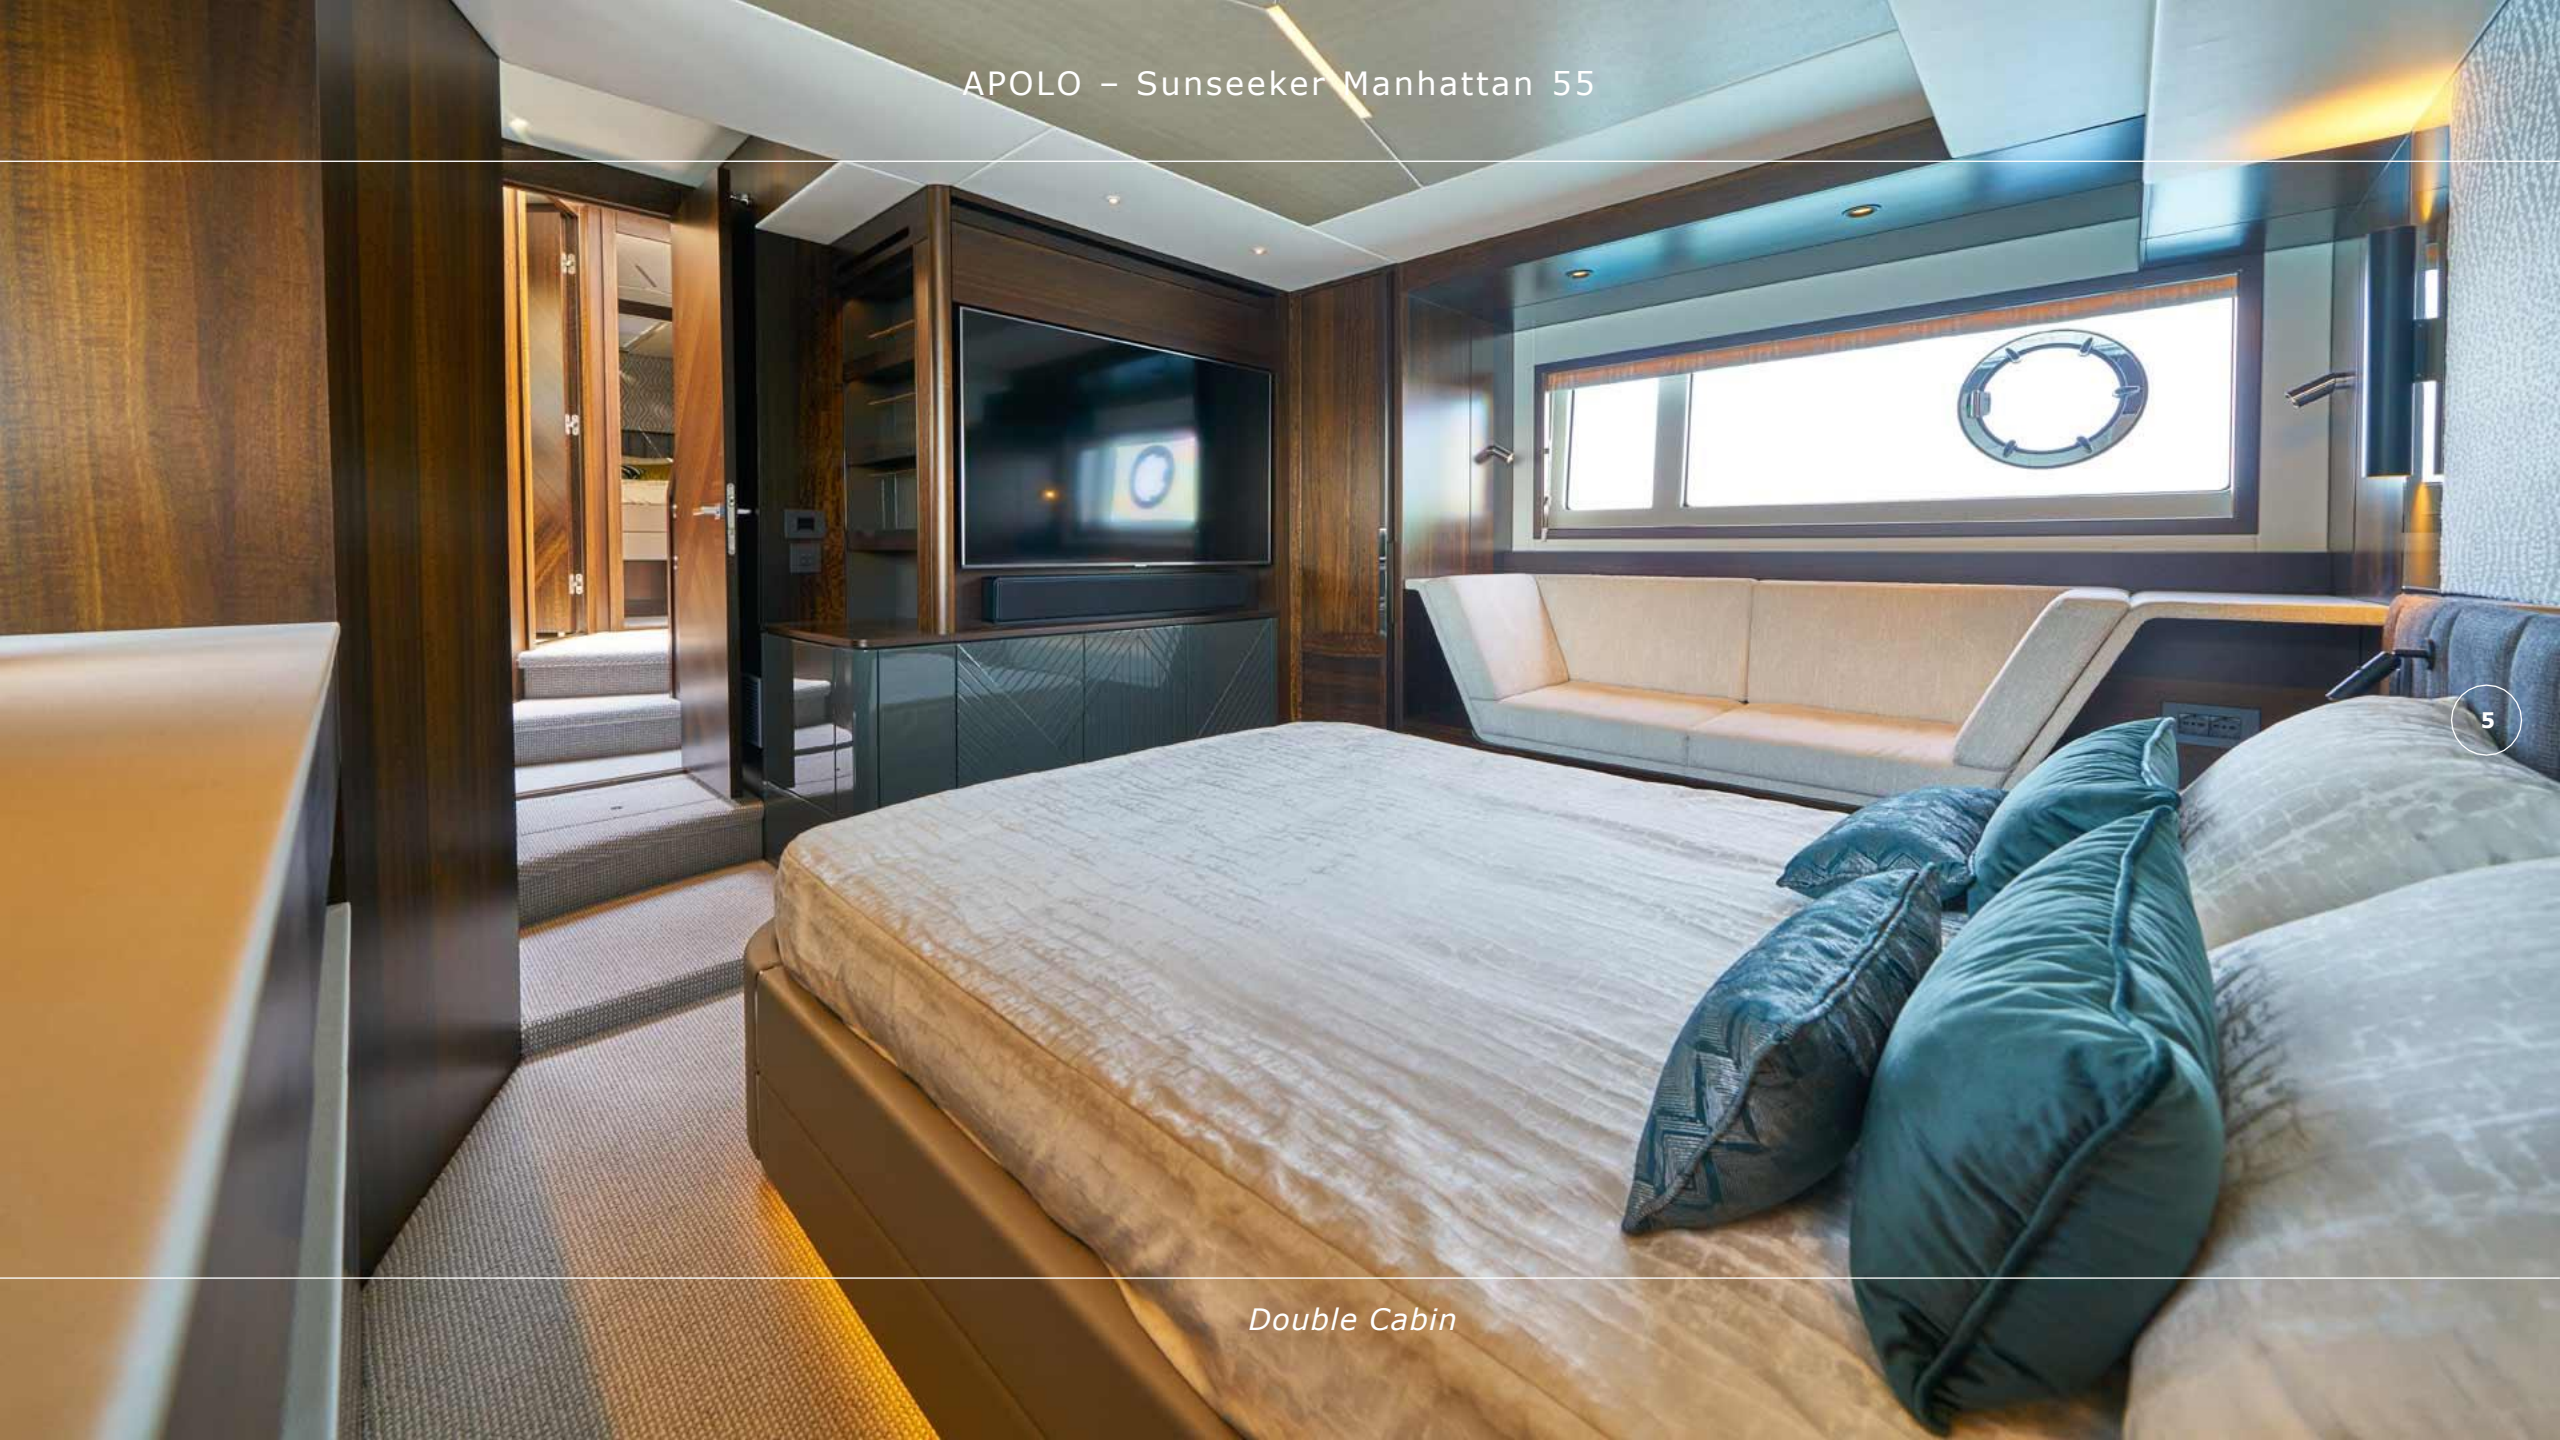

4

**Remarkable
comfort**

OVERVIEW

Exemplifying the latest in our exceptional design capabilities, APOLO has been meticulously designed to enhance comfort and cruising whilst providing guests with a vast array of social spaces – usually only seen in larger yachts. The exterior styling incorporates extensive curved glass and stainless-steel detailing to emphasize its prowess. With the option to add bar stools, the galley appears to extend onto the main deck, creating a seamless transition from indoors to out. MY APOLO has a considered interior designed to provide owners with unparalleled flexibility.

She enables its guests to enjoy ample space afforded by its open layout, showcasing the wonderfully well-equipped bathing platform and Beach Club. Powered by Volvo Penta D13-800 engines, APOLO can cruise comfortably at 25 knots with a range of 250 nautical miles or achieve in excess of 30 knots at full throttle.
