

Hello,,

I hope this message finds you well! I wanted to introduce our charter company, Catamaran Sailing. We specialise in providing unforgettable half board all-inclusive crewed charters. We have two amazing catamarans in our fleet, the Lagoon 450F - Grey Goose and Lagoon 52F - Discovery. Our packages include breakfast, lunch, drinks, crew, fuel, and more, ensuring a worry-free experience for our guests.

One thing that sets us apart is that we offer charters of shorter durations, not just the typical week-long Saturday to Saturday charter. This flexibility allows customers to customise their sailing experience to fit their schedule and preferences. By not being bound to the traditional charter schedule, we strive to create a more personalised and convenient experience for our clients.

Every year, our catamarans undergo a refit to ensure they are in top condition for our customers. During the refit, our experienced team inspects and repairs any necessary parts, from the hulls to the rigging and engines. We also upgrade and enhance the features to provide the best possible experience for our guests. This includes new amenities, a fresh coat of paint, and upgraded technology. Safety measures are also a top priority, and we make sure all systems are functioning properly before setting sail. Our annual refit ensures a smooth and enjoyable sailing experience for everyone onboard.

We pride ourselves on delivering exceptional service and creating unforgettable memories for our clients. With our experienced crew and luxurious catamarans, we aim to provide a top-notch charter experience.

We would love the opportunity to collaborate with your agency and bring the joy of sailing to even more adventurers. If you're interested in partnering with us or have any questions, feel free to reach out. Let's set sail together!

Looking forward to hearing from you soon,

Igor Lukanović

Catamaran Sailing
